

CandiBactin-AR®

Concentrated Aromatic Essential Oils

Form: Softgels

Flavor:

Size: 120 Softgels

CandiBactin-AR® features concentrated essential oils from red thyme and oregano blended with other herbal extracts from the aromatic mint family. The traditional use of thyme oil is focused on supporting the health of the gastrointestinal and upper respiratory tracts.*

The encapsulation of these oils in a softgel allows them to be blended with dry leaf extracts of sage and lemon balm. These herbs are added to the formula to help protect and stabilize the fragile essential oils, as well as for their added benefit in supporting healthy digestive function.*

Ingredient	Amount Per Serving	% Daily Value
Serving Size:	1 Softgel	
Servings Per Container:	120	
Thyme (<i>Thymus vulgaris</i>) Oil [provides 55 mg thymol]	183 mg	*
